Jenn Wright to attend DNR Trust Fund grant training January 14, 2020 in Gaylord 1-4pm; will share information with committee

Discussion regarding plan timing in relation to GRNA's need and content; consensus that content is more important than pushing a plan through

Consider input from key employees & county partnerships

Need to refer to other plans (such as County Master Plan, GRNA Strategic Plan, etc) to ensure goals are properly reflected and consistent across all plans

Numbers and statistics cited in draft plan need to be fact checked

Tourism & economic impact is not addressed in either plan; Committee to consider adding

Attachments need to be reviewed for relevance

Consider referencing past accomplishments & completed projects; could be effective/beneficial if working on a multi-phase project

Past projects that have received trust fund monies in recent history should be reviewed

Goal structure reviewed

GIS Inventory discussed as a goal

Consensus to review Introduction Chapter & to bring suggested changes to next meeting for discussion (Date TBD)
