

# **Antrim County**

## ***Press Release***

---

**March 17, 2020**

**For Immediate Release**

**Contact: Antrim County Administration Office, 231-533-6265**

Effective March 17, 2020 at 5:00pm, all Antrim County Governmental Buildings, excluding the Antrim County Courthouse, will be closed to unscheduled public access until further notice. County employees will, however, continue to provide services for the citizens and visitors of Antrim County.

In an effort to reduce the risk of spreading COVID-19/Coronavirus all services will be provided by phone, online services, the US Postal Service, or scheduled appointments (for critical services) only. We encourage you to visit the County website <https://www.antrimcounty.org>, for updates and any additional information from individual County departments.

This action is being taken to fall in line with the Health Department, the CDC, and the State of Michigan with the goal of slowing down the spread of the COVID-19/Coronavirus outbreak. Upon consulting with the Health Department, the Antrim County Administrator and the Board of Commissioners Chair, the Antrim County Emergency Manager has determined that limiting access to the buildings was in the best interest of County citizens and employees during this emergency.

Again, every effort will be made to assist individuals with their needs even as the building is closed. Thank you for your patience and understanding.
