

# 2014 Annual Report

**“A mile of highway gets you a mile, a mile of runway gets you the world”**

May 8, 2014

Dear Commissioners;

Always our top priority is safety and we are pleased to report that we have once again had a year free of accidents.

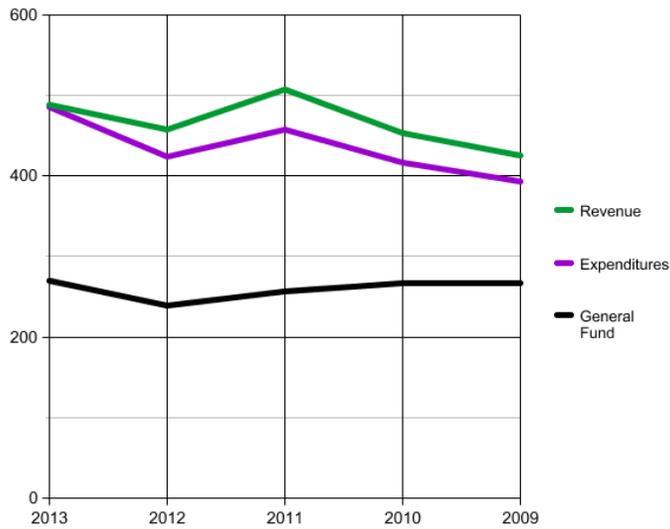

I would like to thank the Board of Commissioners for their commitment to Antrim County Airport. The work you have produced over the last twenty years has helped to create a positive business climate and an enhanced quality of life for Antrim County residents.

The Airport has benefited through consistent growth; attracting a wide diversity of users from business owners to people looking to relocate to this area for retirement.

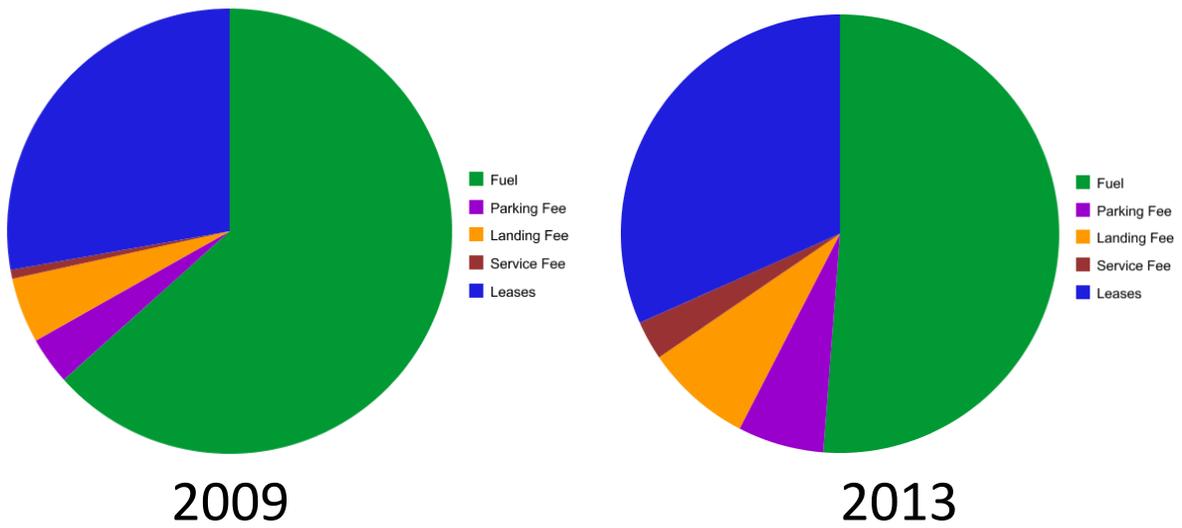

This last year we were able to accomplish a complete remodel of our restroom facilities along with other needed upgrades to the terminal building. Externally, we oversaw the reconstruction of our main parking lot that was beginning to enter into failure condition.

Sincerely,

John Strehl

## Antrim County Airport: Revenue and Expenditures

## Comments from AirNav users:

**From Dale Snook on 08-Jan-2014:** I am based on this field for the last 25 years and must say it has got to be one of the best airports in all of Michigan, ACB has a great airport manager John who has done great improvements through the years, and a great staff, very helpful and friendly, Come stop in and see for your self.

**From Dale Snook on 09-Dec-2013:** Your 100ll is priced to high!

From Colin Summers on 01-Sep-2013: We had barely finished tying the plane down on a transient spot when the fuel truck was rumbling past. He said he had to fuel another plane but would be right back. It is backcountry friendliness, modern convenience, and solid facilities. Some smaller fields in the north are just a credit card machine and the self-serve pump. It is really nice to find a polite, friendly human being on occasion instead.

**From Bob Parker on 22-Aug-2013:** I have been flying into this airport for the past 4 months and the service is excellent. No matter which of the staff members are on duty, they are both friendly and professional. The facilities are always clean and comfortable. I watched a pilot come in and ask for 10 gallons of avgas and get the same respect and treatment as I always do with our King Air B200 buying large amounts of Jet A.

**From Lawrence Peck on 14-Jul-2012:** Summer home for our A36. These folks are great. They go the extra mile to help out, including giving a ride when needed. Gas and hangar rates are reasonable. Nice terminal. Good LPV approach. Great alternative to KTVC, in this beautiful area.

**From Ryan Gierlack on 10-Jul-2012:** I flew in with a C-120 for the night, and they loaned me tie downs, and charged \$10.00 a night. Fuel Prices were Average Price for 100LL. Nice Airport/Staff/ Facilities.

# **The Mission of the Antrim County Airport**

**To provide an airport that is  
safe, modern, attractive  
and efficient for our  
community and  
guests.**
