Pete Vandenberg
ACES Representative

Date: **August 19, 2019**
To: **911 Board Members**
From: **Chairman Daniel S. Bean, Sheriff**
Re: **Meeting Notice**

The 911 Board is scheduled to meet on
DRAFT
August 22 @ 1:00 p.m.

Antrim County Building,
203 E. Cayuga St., 2nd Floor Room 211
Bellaire, Michigan 49615

Agenda Items include:

- * Call to Order
- * Approval of Agenda
- * Public Comment
- * Meeting Minutes Approval July 2019
- * Financial Report
 - ◇ July 2019
- * New Business
 - ◇ MLTS Legislation
 - ◇ 2020 Budget
- * Old Business
 - ◇ Engineering Update
 - ◇ Radio Communication Update
 - ◇ NextGen 9-1-1 Update
 - ◇ MCT Update
 - ◇ Paging Update
- * Communications
- * Operations Update
- * Next Meeting: September 4, 2019 1:00 p.m.

**Antrim County 911 Board
Meeting Minutes
7/10/19**

Present: Dan Bean, Leslie Meyers, Brenda Ricksgers, Mike Bertram, Bill Drollinger, Pete Vandenberg, Burt Thompson, Wendy Dawson, Lt. Jason Nemecek

Absent: None

Others Present: Mike Gank, Corey LeCureux

Call to Order:

Chairman Bean called the meeting to order at 1:01 pm.

Approval of Agenda:

Motion by Meyers, supported by Ricksgers to approve the agenda as presented. Motion Carried Unanimously.

Public Comment: None

Approval of Minutes: The minutes for the May were approved as presented.

Financial Reports:

Gank presented Accounts 259, 261 and 262 for May and June 2019. While overtime is up, wages are down as they are not at full staffing levels. This will balance it out. They have a new candidate that is in the background check phase. One almost finished with training.

Motion by Meyers, supported by Drollinger to approve the May and June 2019 Financials for all three accounts as presented. Motion Carried Unanimously.

New Business:

- **Fire Protocol Cards** – Gank explained that we currently use EMD Protocol cards. He would like to also purchase The Fire protocol too. Using them could help all departments with ISO ratings. It would help with department consistency and also with potential liability. It was recommended that this be sent to ACES for review. It was decided that the chiefs would all be consulted, but that it could be done prior to the late August ACES meeting.
Motion by Dawson, supported by Drollinger to budget \$23,105 for the 2020 budget cycle for the Fire Protocol Cards. Motion Carried Unanimously.
- **BDA in Large Structures:** After the exercise in Central Lake, Meadowbrook has requested information on how they can work toward communications throughout their building with all public safety. BDA is a type of amplification system for 800 radios. Gank explained that the jail was installing one now. Vandenberg stated that the antennae system is more important than the box. Dawson suggested that maybe someone talk to Grand Traverse. They have just fixed it up at Munson.
- **2020 Budget:** The new tower will be added to the 2020 budget in case emergency funding is not approved.

Old Business:

- **Next Gen 911 Update**

Will be complete once ATT Business and Frontier flip the switch. Hopefully will be complete within 6-8 weeks. For the most part it is working well – just a few hiccups. Getting to using one system will be a blessing for 911. Test to 911 will be available within the next 45 days.

- **MCT Update**

The process is taking longer than expected. EMS is almost complete. All equipment has been received and install for remaining vehicles will take place next week. They are working on an automatic dog locator for the k-9.

- **Paging Update**

Engineering study RFP is ready to go. Gank would like to set a special meeting of the 911 Board for August 7 at 1 pm to address the responses and the 800 mobiles at that meeting so that it can go before the Board of Commissioners at their Sept 5 meeting.

800 paging: Staff went out and recorded tripping of pagers. Survey shows it exceeds portable 800's and VHF paging. There are a handful of sites throughout the county where it doesn't work. Inside buildings is still an issue. LeCrueux can provide more specific data to anyone interested. The biggest surprise was that it exceeded 800 portables.

Communications and Operations:

There is a candidate in the final phase of hiring.

Two UPS units in Rapid City need to be replaced. T be installed within the next week by Tele-Rad.

Exercise in Central Lake – Active Shooter was a great training for dispatch. The issues with communications in Central Lake were highlighted during the exercise. Central Lake needs to be included in the RFP. Gank explained that it is included in the details for the RFP. Thompson stated that we will never solve all the problems, but we can fix some. Meyers added that the AAR (After Action Report) will be completed at the August LEPC meeting,

Call for July 3 to July 5 were up 35% over the past 5 years.

Communications trailer was utilized and in order to continue its usefulness, updates will be required. Updates and the existing trailer do not make much sense. Meyers will attend the next CIP meeting to get an update on moving the Trailer project up in the CIP Que. It was the consensus that Incident Command was important for emergency of operations, continuity of operations was way more important. Without a backup 911 center, the trailer becomes even more important.

It was determined that CCOP and COG plus policy for radios, usage, bidding, training, equipment and accessories will be added to the special meeting agenda on August 7.

7/10/19 Draft Minutes

Meeting Adjourned at 2:12 pm

Next meeting – Special Meeting August 7, 2019 at 1:00 pm.

Respectfully Submitted,

Leslie Meyers, 911 Secretary

Act No. 30
Public Acts of 2019
Approved by the Governor
June 25, 2019
Filed with the Secretary of State
June 25, 2019
EFFECTIVE DATE: June 25, 2019

**STATE OF MICHIGAN
100TH LEGISLATURE
REGULAR SESSION OF 2019**

Introduced by Rep. Hoitenga

ENROLLED HOUSE BILL No. 4249

AN ACT to amend 1986 PA 32, entitled "An act to provide for the establishment of emergency 9-1-1 districts; to provide for the installation, operation, modification, and maintenance of universal emergency 9-1-1 service systems; to provide for the imposition and collection of certain charges; to provide the powers and duties of certain state agencies, local units of government, public officers, service suppliers, and others; to create an emergency 9-1-1 service committee; to provide remedies and penalties; and to repeal acts and parts of acts," by amending section 413 (MCL 484.1413), as amended by 2008 PA 379; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

Sec. 413. (1) The commission may promulgate rules to establish 1 or more of the following:

- (a) Uniform procedures, policies, and protocols governing 9-1-1 services in counties and PSAPs in this state.
 - (b) Standards for the training of PSAP personnel.
 - (c) Uniform procedures, policies, and standards for the receipt and expenditure of 9-1-1 funds under sections 401a, 401b, 401c, 401d, 401e, 406, and 408.
 - (d) Requirements for multiline telephone systems subject to this section.
 - (e) The penalties and remedies for violations of this act and the rules promulgated under this act.
- (2) The commission shall consult with and consider the recommendations of the committee in the promulgation of rules under this section.
- (3) The commission's rule-making authority is limited to that expressly granted under this section.
- (4) The rules promulgated under this section do not apply to service suppliers.
- (5) An MLTS operator shall ensure that the multiline telephone system is capable of routing 9-1-1 calls to the 9-1-1 network, and that they are answered by a primary PSAP in a manner that results in accurate ALI and ANI that can be verified in the 9-1-1 location database to include the specific location of the communications device.
- (6) For a single building having its own street address and containing a work space of more than 7,000 square feet, all located on a single floor and on a single contiguous property, the MLTS operator shall identify the specific location of each communications device, including the street address. An MLTS operator is exempt from providing the specific location of each communications device until the installation of a new MLTS after January 1, 2020 under this subsection if both of the following apply:
- (a) The building contains less than 20,000 square feet of work space.
 - (b) The building contains fewer than 20 communications devices.

(7) For a single building having its own street address and containing a work space of more than 7,000 square feet on multiple floors and on a single contiguous property, the MLTS operator shall identify the specific location of each communications device including the street address and building floor.

(8) For separate buildings using 1 MLTS and containing a total work space of more than 7,000 square feet on multiple floors and on a single contiguous property having a common public street address, the MLTS operator shall identify the specific location of each communications device in each building, including the street address, building floor, and any unique building identifier, if applicable.

(9) For separate buildings using 1 MLTS and containing a work space of more than 7,000 square feet, all located on a single floor and on a single contiguous property and having a common public street address, the MLTS operator shall identify the specific location of each communications device in each building, in addition to the street address and any unique building identifiers, if applicable. An MLTS operator is exempt from providing the specific location of each communications device until the installation of a new MLTS after January 1, 2020 under this subsection if both of the following apply:

- (a) The building contains less than 20,000 square feet of work space.
- (b) The building contains fewer than 20 communications devices.

(10) For separate buildings using 1 MLTS and containing a total work space of more than 7,000 square feet on single floors on separate properties having different street addresses, the MLTS operator shall identify the specific location of each communications device in each building, including the street address and any unique building identifier, if applicable. An MLTS operator is exempt from providing the specific location of each communications device until the installation of a new MLTS after January 1, 2020 under this subsection if both of the following apply:

- (a) The building contains less than 20,000 square feet of work space.
- (b) The building contains fewer than 20 communications devices.

(11) For separate buildings, using 1 MLTS, containing a total work space of more than 7,000 square feet on multiple floors on separate properties having different addresses, the MLTS operator shall identify the specific location of each communications device in each building, including the street address and any unique building identifier, if applicable.

(12) For a house of worship, as described by section 7s of the general property tax act, 1893 PA 206, MCL 211.7s, with a single building having its own street address with less than 20 communications devices, the MLTS operator shall identify, at a minimum, the street address. An MLTS operator is exempt from providing the specific location of each communications device until the installation of a new MLTS purchased after January 1, 2020. The exemption provided under this subsection does not extend to a school controlled by the house of worship at the same address.

(13) For a house of worship, as described by section 7s of the general property tax act, 1893 PA 206, MCL 211.7s, with multiple buildings, using 1 MLTS, all located on a single contiguous property and having a common public street address with less than 20 communications devices, the MLTS operator shall identify, at a minimum, the street address and a unique building identifier. An MLTS operator is exempt from providing the specific location of each communications device until the installation of a new MLTS purchased after January 1, 2020. The exemption provided under this subsection does not extend to a school controlled by the house of worship at the same address.

(14) For a house of worship, as described by section 7s of the general property tax act, 1893 PA 206, MCL 211.7s, with multiple buildings, using 1 MLTS, on separate properties having disparate street addresses, with less than 20 communications devices, the MLTS operator shall identify, at a minimum, the specific street address of the caller's location and a unique building identifier, if applicable. An MLTS operator is exempt from providing the specific location of each communications device until the installation of a new MLTS purchased after January 1, 2020. The exemption provided under this subsection does not extend to a school controlled by the house of worship at 1 of its addresses.

(15) For a farm, as that term is defined in section 2 of the Michigan right to farm act, 1981 PA 93, MCL 286.472, with less than 20 communications devices located within 1 building, the MLTS operator shall identify the specific location of each communications device, including the street address. An MLTS operator is exempt from providing the specific location of each communications device until the installment of a new MLTS after January 1, 2020. For purposes of this act, a farm does not include a farm producing or selling any product or crop that is unable to be sold in interstate commerce.

(16) An MLTS operator is exempt from the specific location identification requirements under this section if the building maintains, on a 24-hour basis, an alternative method of notification and adequate means of signaling and responding to emergencies including, but not limited to, a communications system that provides the specific location of 9-1-1 calls from within the building or the building is serviced with its own appropriate medical, fire, and security personnel.

(17) An MLTS operator not serviced by enhanced 9-1-1 service is exempt until enhanced 9-1-1 is available.

(18) An MLTS operator in violation of this act after December 31, 2020 shall provide the commission and the committee information on the failure to meet the deadline and within 60 days after the violation provide a plan to remedy the failure within 6 months.

(19) An MLTS operator in violation of this act after December 31, 2020 may be assessed a fine by the commission from \$500.00 to \$5,000.00 per offense. An MLTS operator with 50 or fewer employees may be assessed a fine by the commission of up to \$500.00 per offense.

(20) As used in this section:

(a) "Alternative methods of notification" means that an internal system exists that will locate the communications device used to make a 9-1-1 call and initiate an emergency response.

(b) "Communications device" means a device that is integrated into the design and operation of the multiline telephone system and by using the multiline telephone system is capable of accessing, connecting with, or interfacing with a 9-1-1 system, exclusively through the numerals 9-1-1, by dialing, initializing, or otherwise activating the 9-1-1 system through the numerals 9-1-1 by means of a local telephone, cellular telephone, wireless communications device, interconnected voice over the internet device, or any other means.

(c) "Enhanced 9-1-1" or "E9-1-1" means an advanced form of 9-1-1 service that transmits the caller's telephone number to the public safety answering point, for cross-referencing with an address database to determine the caller's location, which is relayed to a video monitor for the emergency dispatcher to direct public safety personnel responding to the emergency.

(d) "Multiline telephone system" or "MLTS" means a system comprised of common control unit or units, telephone sets with unique telephone numbers, and control hardware and software.

(e) "Multiline telephone system operator" or "MLTS operator" means a service user who owns, leases, or rents from a third party, and operates an MLTS.

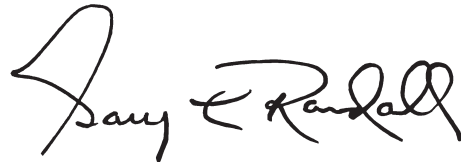

(f) "Specific location" means a room or unit number, or room name, or equivalent unique designation of a portion of a structure or building to which a 9-1-1 emergency response team may be dispatched, and the caller quickly located, that is not more than 7,000 square feet.

(g) "Work space" means the physical building area where work is normally performed, measured by net square footage, including offices; production, warehouse, and shop floors; storage areas; hallways; conference rooms; break rooms; and other common areas. Work space does not include wall thickness; shafts; heating, ventilating, or air conditioning equipment spaces; mechanical or electrical spaces, or similar areas where employees do not normally have access.

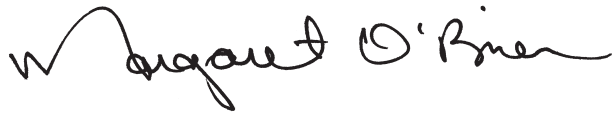

Enacting section 1. Section 405 of the emergency 9-1-1 service enabling act, 1986 PA 32, MCL 484.1405, is repealed.

Enacting section 2. R 484.901 to R 484.906 of the Michigan Administrative Code are rescinded.

This act is ordered to take immediate effect.
